ABOUT US

Premium Industrial & Cleanroom Engineering Solutions Since 1990

A. Qadeer Steel Works (AQSW) is a trusted name in stainless steel and mild steel fabrication, serving Pakistan's industrial sector since 1990. With more than 30 years of experience, we provide high-quality fabrication solutions for pharmaceutical, food, commercial, and industrial clients.

Our company is known for delivering durable, hygienic, and precision-engineered products that meet modern industrial standards. Over the years, we have built long-term relationships with leading organizations through our commitment to quality, reliability, and timely project completion.

Here's Why.

AQSW has been in business since 1990.

AQSW is a second-generation, family-owned business dedicated to professional engineering and fabrication services. We specialize in custom sheet metal fabrication and industrial equipment manufacturing according to customer drawings, specifications, and requirements.

Using advanced CNC-based design and fabrication methods, we ensure accurate production, improved finishing, and consistent quality in every project.

We served over 200 clients

And provide these clients with a full range of services — dependably, day in and day out. Your selection of AQSW means that you will have a partner capable of meeting all your needs as they change and grow.

Our Expertise

We provide fabrication and manufacturing services for:

- Stainless Steel Fabrication (SS 304 / 316 / 316L)
- Mild Steel Fabrication
- Industrial Trolleys
